RESTORING A 1968 HK MONARO

Muoi Nguyen from H&M Malaga Smash Repairs in Western Australia is reticent about putting his Holden HK Monaro Coupe in *The Ultimate Finish*, understandably due to the attention it could receive.

"I drive it about twice a month," said Muoi. "One of my pastimes is taking my wife out on a Sunday morning cruise around Perth, where we generally park up beside the Monaro while enjoying our breakfast."

The Holden Monaro is a rear-wheel drive coupe that was first produced by Holden in 1968. Named after the Monaro region in New South Wales, Holden's new coupe was introduced as a two-door pillbox hardtop with an eight-cylinder engine and available in three models, including Muoi's Monaro GTS.

Original colours were Bright Metallic Blue, Ermine White, Inca Gold Metallic, Peasby Red, Silver Mink Metallic and Warwick Yellow. Like the original, the Monaro is finished off in Bright Metallic Blue.

"Gerome Mason of Asuka was able to assist me with perfecting the Bright Metallic Blue colour."

"It took me an entire day to strip the Monaro and six months to paint it. I passed the project for six years
