A tribute to Mercedes-AMG Petronas Motorsport on capturing the 2018 FIA Formula One™ World Constructors' Championship

Exclusive limited edition model!

Stylish design.

With its majestic, matte black carbon look and dynamic Mercedes-AMG Petronas Motorsport profiling, the Race-Spray-Gun is a special, limited edition of just 500 pieces – each with its own unique serial number engraved on. The result of close cooperation between Spies Hecker and the team, the design is based on the team's 2018 world championship winning car, the W09 EQ Power+. Its filigree styling, petrol-green, 'Electric Flow' colouring and the starting numbers of the two drivers Lewis Hamilton and Valtteri Bottas have all been integrated into the design.
