Dents or hail damage?

*Eliminate nasty dents easily.*

Car showing its age?

*Restore it back to its former glory.*

Air-conditioning not working?

*A quick check to keep you cool.*

# Stones in the windscreen?

## Clear glass for a better view.

### ■ The problem

A stone chip in the middle of the windscreen is annoying and highly visible. If the chip becomes a crack it is dangerous and could mean a failed MOT.

### ■ The FairRepair solution

We can repair the chip or crack in just few minutes without replacing the windscreen. The repair will be completely invisible and your windscreen will be flawless.

Most insurance companies will pay in full for this type of repair.

# Damage to plastic parts?

## Fast repair and low costs.

### ■ The problem

Plastic spoilers and bumpers are light and safe, but can be easily damaged. Deep scratches or cracks happen quickly. And what then?

### ■ The FairRepair solution

Our 2-component adhesive bonds and binds plastic perfectly, once it has been grinded and painted, you won't be able to tell the repaired part from original.

Most plastic damage can be fixed with FairRepair. And we can repair much larger plastic defects using a different method.

# Minor paintwork damage?

## Quickly repaired with Spot Repair.

### ■ The problem

Almost 30% of all damage to a vehicle is minor, and most of this is on the lower parts of the vehicle. In such cases, laborious part reprints are too expensive.

### ■ The FairRepair solution

Spot Repair is an inexpensive alternative for repairing minor damage to paintwork professionally and quickly for example beneath the side moulding or on vehicle corners and edges.

The Spot Repair method is a professional solution for repairing minor paintwork damage.

# Car showing its age!

## Restore it back to its former glory.

### ■ The problem

Stones, dust and sunlight can marr and damage even the best paint finishes. Lingering odours and damage to seat up-holstery, dashboards and carpets also conspire to reduce a car's value.

### ■ The FairRepair solution

Professional care and special polishes make dull, tired paint shine again - no repainting required. Up-holstery is easily repaired and natural ozone clears any unpleasant odours. A low-cost solution with a high-impact result.

Not matter what needs attention, we can cost-effectively rejuvenate your car. Trust the FairRepair solution from the experts.

# Air-conditioning notworking?

## A quick check to keep you cool.

### ■ The problem

Air-condition keeps you cool even on the hottest days, but if poorly maintained, it can increase your fuel consumption and fill the car with an unpleasant odour.

### ■ The FairRepair solution

With our quick, professional service we replace the coolant and check for leaks in the system – all at cost you would expect from FairRepair.

With your air-conditioning working perfectly again, you will stay cool, safe in the knowledge no coolant is escaping into the atmosphere.
