

Spies Hecker - a global brand.

With over 125 years of experience, Spies Hecker is the number one name and regarded as a benchmark in vehicle refinishing - a true global player with 12 subsidiaries, over 40 importers present in 62 countries around the world.

Worldwide, Spies Hecker enjoys an excellent and long-standing relationship with its customers and the auto industry at large. All our products observe the strictest internal checks and comply with the industry standards ISO 9001:2004 and ISO/TS 16949:2002.

Through innovation and R&D, we drive the leading edge of refinish paint technology. And because change is constant, we are continually improving our products. Spies Hecker products guarantee you the best materials and provide safe working practices for everybody working with them.
