

Excellent opportunities for networking.

Insurers, car fleets and leasing companies – Colors Unlimited International makes key improvements to the whole accident management cost structure. Our Europe-wide network with just under 400 advanced, quality bodywork and paint operators abounds with high-tech facilities, skilled staff and a range of services certified to international quality standards.

All our CUI partners are committed to personal service, clear offers, rapid quotes and expertly executed vehicle repairs. Insurers, fleet managers and car leasing companies alike benefit from our efficient repair procedures and quick turn-around times. Colors Unlimited International is the solution for the insurance company and for the car fleet owner.
