

Classic System.

For those who build on reliable results.

Classic System: simple, practical and reliable.

The dependable solution for your bodyshop.

The Classic System combines simple application and reliable results with high quality.

Classic system

Proven base coat system.

Permahyd Base Coat Series 280/285

- Remarkable for its simple and reliable application,
- high color accuracy and
- good coverage.

Reliable application.

With its high-grade properties, the universal Classic System brings absolutely dependable results to vehicle refinishing – from the substrate through to the clear coat.

The products are perfectly adapted to each other, are easy to apply and thus ensure an unchanging paint application process.
