

## Classic System.

For those who build on reliable results.

**Classic System: simple, practical and reliable.**

The dependable solution for your bodyshop.

The Classic System combines simple application and reliable results with high quality.

**Classic system**

**Proven base coat system.**

**Permahyd Base Coat Series 280/285**

- Remarkable for its simple and reliable application,
- high colour accuracy and
- good coverage.

### Reliable application.

With its high-grade properties, the universal Classic System brings absolutely dependable results to vehicle refinishing – from the substrate through to the clear coat.

The products are perfectly adapted to each other, are easy to apply and thus ensure an unchanging paint application process.
